

The BMDB0301 Series three phase multi-function power meter box is application for transformer low voltage metering and other three phase distribution metering requirement.

Electrical Specification

Model	Dimensions (HxWxD, mm)
BMDB0301 -584	584x378x280
	Dimensions can be customize by customer

Mechanical Dimension (mm)

Application

- Electrical substation
- Factory
- Building

Feature

- Water absorption $\leq 0.1\%$
- Ingress protection IP54
- Resistance to mechanical shocks IK09
- Flammability UL94-V0
- Self-extinguishing SE
- Mechanical strength 64MPA
- Flexural strength 103MPA
- Light transmission (Transparent cover) $> 88\%$
- Maximum operating temperature $85^{\circ} C$
- Installation location Indoor / Outdoor
